

Theft Intervention Education Program

Several objectives are addressed during this 4 hour theft education program to assist individuals with the process of behavioral change:

- Decision Making Process – Help clients realize they are in control of their own behavior, choices and thinking. Identify personal thinking errors.
- To develop an understanding of the injury theft causes others
- Self Concept – Help clients begin looking inside themselves to determine if they actually do care about others
- Emotions - Increase the client's awareness of what it means to care. Prepare client to seriously answer the question – “Do I Care?”
